

Mercy Medical Center's Guest Wifi Help

1. Connect your device to the Wireless Network "**MercyGuest**"
 - a. **Note:** Places where there is limited bandwidth, the network is named with "*MercyGuestLocation*" for example at MercyCare Monticello it is named "*MercyGuestMonticello*". This allows us to rate limit differently than we would at the hospital.
2. Click on "**Accept**" to agree to the Acceptable Use Policy on the web page that pops up.
Note: On some devices you may manually need open the Acceptable Use Policy by clicking on the alert prompting you for additional login information or opening your internet browser.

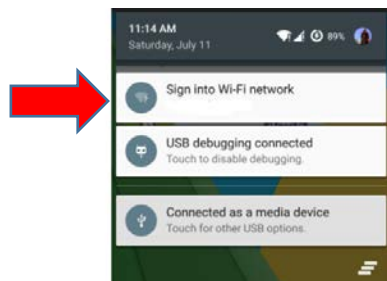

Examples to open Acceptable Use Policy

Windows

Android
