

Mercy Medical Center's Wireless BYOD "MercyCorp" Help

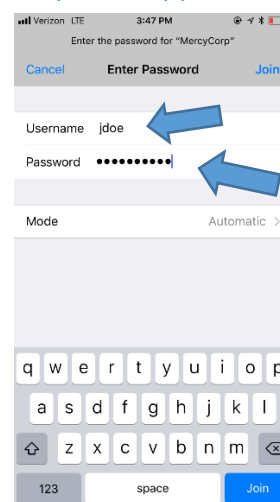

Note: Only Mercy Employees and Partners with Mercy Accounts who have been allowed access can join this network. This network is intended to be used for work purposes. Personal devices not used for work purposes should connect to the "MercyGuest" network. Please call 319-861-7777 with questions.

1. Connect your device to the Wireless Network "**MercyCorp**"
2. Enter your Mercy Domain username and password.

Example on Android Phone

Example on Apple Phone

3. Trust the certificate (if prompted)

Note: Some devices like iPhones require you to trust all certificates for 802.1x connections even if they are from trusted certificate authorities.

Example on Apple Phone
